

Canadian Centre for
Computational
Genomics

C3G Analysis Workshop RNA-Seq Module

Dates: January 22-23, 2019

Location: *McGill McIntyre Building; Room 210
3655 Promenade Sir-William-Osler, Montreal, QC H3G 0B1*

Organizer: **Canadian Centre for Computational Genomics (C3G)**
www.computationalgenomics.ca Tel. (438) 831-5692 @C3Genomics

Instructors: **Rola Dali, Ph.D.** rola.dali@mcgill.ca
Jose Hector Galvez, M.Sc. jose.galvezlopez@mcgill.ca
Eloi Mercier, M.Sc. eloi.mercier@mcgill.ca
Pierre-Olivier Quirion, Ph.D. po.quirion@mcgill.ca

Please DO NOT bring food or drinks into the workshop classroom

- Throughout the workshop, but especially during practicals, please use a post-it on your computer to indicate to the instructors whether or not you need help:
 - **Green:** no help required
 - **Red:** help required
- You can download the slides and other material from this workshop at: https://c3g.github.io/workshops/rnaseq_jan2019.html
- GenPipes is open-source and freely available. You can find the source code at: <https://bitbucket.org/muggic/genpipes>
- C3G hosts **open-door** office hours **every Thursday from 3-4pm**, join us if you have additional questions related to this workshop or any other type of genomic analysis. <http://www.computationalgenomics.ca/open-door/>
- Subscribe to our newsletter at: <http://www.computationalgenomics.ca/c3g-signup-form/>

We would like to thank all C3G team members, the Bourque Lab, as well as our sponsors:
